Sir:

On May 17, 2004, Applicants filed an Information Disclosure Statement in the above-captioned matter. In the Information Disclosure Statement, Japanese Laid Open Patent Publication No. 58-162914, which had been cited in a United Kingdom Search Report was brought to the Examiner's attention, a copy thereof was provided to the Examiner, and a Form PTO-1449 was also provided.

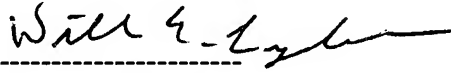

Also provided was an English language abstract of Japanese Laid Open Patent Publication No. 58-162914, also cited on the Form PTO-1449. Although all of the patent documents were initialed, the English language abstract was not initialed. To complete the record, Applicants assume that the English language abstract of the Japanese patent publication was considered by the Examiner during consideration of the underlying document.
